

WILD BOAR FARMS TOMATOES

PHOTO	ORDER	NAME	WILD BOAR FARM	DET./ INDET ERMIN	SIZE	SEASON	DESCRIPTION
	1/2 flat	Amos Coli		INDET	5-15 oz.	Mid	Large Meaty Paste California Heirloom. Very Good Production. Dense Meaty with Great Well Balanced Flavor. Great for Fresh Eating, Canning and Sauce. Given to me at the 2012 National Heirloom Exposition in Santa Rosa, CA.
	1/2 flat	Barry's Crazy Cherry	X	INDET	Cherry	Early	Huge clusters of sweet yellow cherry tomatoes. Easy to grow, Early Season.
	25	Black Cherry		INDET	Cherry	Early	Sweet, dark purple cherry. Pumps them out. Addictive.
	1/2 flat	Blue Chocolate	X	INDET	1-2 oz.	Mid	1-2 oz. chocolate brown with black anthocyanin tops. Very ripe fruit gets very sweet and rich. Great production. Sunburn, crack resistant. Great hang time and shelf life qualities.
	1/2 flat	Blue Gold	X	INDET	2-3 oz.	Mid	Amazing 2-3 oz. Blue and Gold bright yellow tomato with tops that turn black with anthocyanin. Interior is red-yellow bi-color that is sweet and fruity. High production plant. Sunburn, crack resistant. Great hang time and self life.

PHOTO	ORDER	NAME	WILD BOAR FARM	DET./ INDET ERMIN	SIZE	SEASON	DESCRIPTION
	25	Candy Sweet Icicle	X	INDET			Very pretty and unique. Easy to grow. Great production with a very sweet flavor.
	25	Dark Galaxy	X	INDET	1-3 oz.	Mid	One of the most amazing and unique tomatoes I have grown. Although though this variety is only 3 generations old, it appears stable with the exception of some size variance. Unripe fruits start off green with purple anthocynin slashes and purple spotting. As it ripens it turns a rusty red on the bottom and shades of black with spots and flecks that almost give it a 3 dimensional look. I have great production.
	25	Dragon's Eye	X	INDET	2-4 oz.	Mid Early	Very pretty pink-rose colored with green stripes that turn gold. They look shiny and almost fake. A workhouse variety for me. Producing in hot and cool weather. Very dark and meaty flesh with good hang on the vine time.
	25	Evan's Purple Pear	X	INDET	Large Cherry	Mid	70-80 days. Potato leaf. Good to very good production, great disease tolerance typical of potato leaf. Cluster, purple pear shaped fruit, with excellent sweet rich flavor. Ripe fruit has some hangtime. Originally from a Prudence Purple.
	25	Husky Pink		DWARF DET	4-8 oz.	Mid Early	Extra meaty pink beefsteak. Rich tomato flavor. Extreme production.

	25	Husky Red		DWARF DET	4-8 oz.	Mid Early	Extra meaty red beef stake. Classic red tomato flavor. Extreme production.
	25	Lush Queen	X	INDET	6-12 oz.	Mid -Late	Dense, Meaty, Very Beautiful Striped Pink Beefsteak. Good Production, Flavor, Improved Hang-Time, Shelf-Life. Sells very well at Farmers Market.
	25	Michael Pollan	X	INDET	2-4 oz.	Mid	Odd shaped mutant from green zebra. Named after the awesome writer, journalist and teacher. (Please read one of his books) Taste is very different from the Green Zebra. Much less tartness, more mild with good sweetness. Very positive response at the Farmers Market. As I ran out later in the season, customers kept asking about them.
	25	Napa Rosé	X	INDET	Cherry	Early	Very productive and unique pink cherry tomato. Great looking with a very good flavor that is sweet rich. Everyone who trialed it was pleased. Aother variety that has exceptional hang on the vine quality and can be harvested by cutting the entires cluster off, making for a very pretty and unique look. Does will in cool and hot conditions for me.
	50	Pink Boar	X	INDET	2-4 oz.	Early to Mid-Early	Looks like a port wine colored Green Zebra. Striking looks, outrageous flavor that is sweet, rich and juicy. Early to mid-season. 70-80 days. indet. regular leaf. Good to great production. Aggressive grower. Port wine color with metallic silver green stripes. Dark colored flesh is juicy and very good rich and sweet flavor. Originally from Black and Brown Boar.

WILD BOAR FARMS TOMATOES

PHOTO	ORDER	NAME	WILD BOAR FARM	DET./ INDET ERMIN	SIZE	SEASON	DESCRIPTION
	25	Porkchop	X	INDET	8-12 oz.	Mid	Most "yellow" tomatoes are actually orange. This is a true yellow, starts off yellow with green stripes which ripen to gold. Mid season, 75-85 days. indet. regular leaf. medium size slightly flattened beefsteaks. Great sweet tomato flavor with hints of citrus. Best yellow I have ever had.
	25	Red Boar	X	INDET	2-4 oz.	Mid	Red colored mutation I discovered from Green Zebra. Not related to other red striped tomatoes on the market, some of which are not edible to me, this one has won taste contests. Another top notch performer in the looks, taste, production department. Mid season, 70-75 days. indet. regular leaf. good to very good producer. Amazing yellow red stripes, great producer, winner if you want a smaller, juicy sweet tomato.
	50	Red Furry Boar	X	INDET	2-4 oz.	Mid	Red with Gold Stripes, Matte Skin, Fuzzy. Great, True Tomato Flavor, peach fuzz skin not at all intrusive. Heavy Producer. Another Great, Rare, Unusual Variety.
	25	Solar Flare	X	INDET	6-10 oz.	Mid	Beefsteak, Red with Gold Stripes, Very Meaty with Luscious Sweet Red Tomato Flavor. F-7 Cross from Beauty King, selected for flavor, "WOW" Factor, production, increased earliness, scab resistance. Mid / Early Season, full body red, slightly sweet. This variety is one of my work horses.
	25	Spot Yellow	X	INDET	3-5 oz.	Mid	Clusters of Canary Yellow, Round Fruit with rare and unusual spotting. Heavy producer, great taste for a yellow, tomato, citrus notes. Good shelf life and crack resistance great and unusual variety!!!
