

Rose varieties for the Valley

Alba

Madame Plantier

1835 Alba rose. Clusters of flowers open pure white. Very fragrant. Spreading habit, like a noisette. Can be trained as a small climber.

Bourbon

Louise Odier

1851 Bourbon rose. Classic old roses, medium pink, extra fragrant, heavily doubled on a sprawling plant.

Queen of Bourbons

1834 Bourbon rose. Dark pink, very fragrant.

Reine Victoria

1872 Hybrid Perpetual. Medium pink, heavily doubled flowers on a tall shrub. Extremely fragrant.

Souvenir de la Malmaison

1843 Bourbon rose. Flowers are very pale pink, open flat with lots of doubling. Very fragrant.

Bourbon Climber

Zepherine Drouhin Climber

1868 Bourbon rose. Deep rose color, fragrant, thornless! Said to be shade tolerant.

Cli Hybrid Tea

Peace Climber

Masses of huge blooms in spring. Prune to encourage spreading habit.

Climber

Altissimo

Very upright growth habit, use as a climber or a "pillar" rose. Vivid petals are Chinese lacquer-red. Plant is very disease-resistant and vigorous.

America Climber

Coral-pink blooms in clusters. Very fragrant blooms all season--one of the best climbers.

Blaze Improved Climber

The standard red rambling rose, now with greater vigor and better disease resistance.

Cecille Brunner Climber

A very vigorous climber with a long springtime bloom. Disease free. Tolerates shade. Sweet fragrance.

Cocktail

Upright small climber to 6 to 8 feet. Single red blossoms have bright yellow center. Introduced 1957. Great disease resistance. Can be grown as a free-standing upright shrub

Crepuscule

1904 heirloom noisette. Apricot yellow fragrant flowers on a small climber.

Crimson Glory Climber

One of the most fragrant roses of all time. Small climber can be managed on a simple trellis or stake. Dark red roses with velvety-black undercast.

Don Juan Climber

Deep velvety red; cuts well. Slow climber, or large shrub. Excellent for cutting. Helen's favorite! Strong fragrance.

Eden Climber

One of the Romantica Climbers from Star Roses. Soft pink, pastel flowers contrast with glossy dark green foliage. Very disease resistant.

First Prize Climber

Huge silvery-pink blooms; cuts well.

Fourth of July Climber

AARS winner with large semi-double blooms striped red and white. Very nice foliage. Outstanding performer! Disease resistant.

Golden Showers Climber

Good yellow climbing rose. Bright flowers fade to pale yellow. Abundant bloom, moderate fragrance, good disease resistance.

Handel Climber

White blossoms with dark pink /red vedges; very elegant. Big climber, excellent for arbors.

Iceberg Climber

This sport of the great white Floribunda is an excellent climber. Vigorous, disease-free, abundant bloom. The best white climber on the market.

Joseph's Coat Climber

Gaudy mix of red, pink, orange, yellow! Tough garden plant that is consistently popular.

Rosarium Uetersen

Very double, fragrant; disease-free small climber.

Sally Holmes Climber

Pink buds open to single white flowers. Pink blush in cool weather. Very tough. Grow as climber or large spreading shrub. Outstanding!

Valentine's Day Climber

Small climber to 6 - 10 feet. "...there ain't no redder red," says Weeks Wholesale Rose. Good disease resistance.

Westerland Climber

Unique apricot-orange, fragrant flowers on a vigorous, disease-free plant. Outstanding!

David Austin

Abraham Darby

1985

Gertrude Jekyll

1986. One of David Austin's first, and still one of his best. Deep pink, classic overlapping petals, very fragrant flowers. Vigorous grower.

Golden Celebration

Golden yellow, holds its color well even in heat. Reasonable cutting stems, and great to photograph.

Rose varieties for the Valley

Graham Thomas

Soft yellow, very fragrant. Very tall: use as small climber or allow to spread. Tough, disease resistant. One of the best Austin roses.

L.D. Braithwaite

1988 One of the early David Austin roses with classic old rose flower form, heavily doubled, dark red. Light fragrance. Large bush.

Mary Rose

1983. One of David Austin's early introductions. An excellent landscape rose with very fragrant flowers that are strong pink. Can grow as a shrub or climber

Pat Austin

Very unusual color: coppery orange, with each petal yellow on the reverse. Medium size bush. My boy said 'get this one!'

Floribunda

Angel Face

Very popular. Ruffled blooms, strong sweet lemony scent.

Betty Boop

Stunning bicolor blooms have white petals, red edges. Constant bloom on a strong, healthy plant.

Brilliant Pink Iceberg

A pink-blushed sport of the famous Iceberg rose. Disease-free, blooms profusely.

Burgundy Iceberg

A variation of the famous Iceberg, with purple-red flowers. Disease-free, abundant bloom, incredibly tough.

Chris Evert

Yellow-orange with red tips. Great garden performance, good disease resistance. Moderate fruity fragrance.

Cinco De Mayo

"This 2009 AARS Floribunda winner boasts a non-stop display of flowers whose color is almost impossible to describe - a mix between smoked lavender and rusty red orange. It has the plant habit and great foliage of its award-winning parent 'Julia Child'."

Easy Going

Peachy yellow, profuse blooms. Very disease resistant. Great for a hedge.

Ebb Tide

One of the deepest purple roses yet. Compact habit, abundant bloom. Strong fragrance.

French Lace

Ivory white with a hint of apricot. Nice ruffled petals; classic shape. Prolific. Hard to find.

Gene Boerner

1968 Floribunda, though tall (to 6 feet) for that class. Soft pink roses, actually good for cutting. Very disease resistant. Somewhat shade tolerant.

Gruss an Aachen

1909 early Floribunda. Nice growth habit. Flowers open pale pink, then turn white. Sweet, light fragrance.

Hot Cocoa

Smoky chocolate orange; very hard to describe or photograph! Disease resistant, blooms like crazy. Great garden plant.

Iceberg

World's best landscape rose. Pure, bright white, blooms profusely all summer. Very disease resistant. Can be kept at any height.

Intrigue

Unique plum blossoms on a perky plant with a great garden habit. Unusual color stands out in arrangements. Fragrant. Disease resistant.

Julia Child

Buttery yellow flowers. Glossy green leaves. Very disease resistant. AARS 06

Ketchup & Mustard

Bright red with yellow reverse. Clean shiny foliage, compact growth habit. Good disease resistance. Eye-catching.

Livin' Easy

Great landscape rose. Blooms profusely with soft apricot-orange flowers. Moderate fragrance.

Margaret Merrill

Ruffled, semi-double, pure white; disease-free, fragrant. Would sell great if Iceberg didn't dominate the market. Definitely more compact and fragrant.

Our Lady of Guadalupe

Very elegant silvery pink flowers in abundant clusters. This one should be used more. Always in bloom, would make a great hedge. May become hard to get.

Playboy

Bright orange-red single flowers; nice glossy foliage. Dramatic!

Sentimental

Red & white candy striped; unique! Very fragrant. Easy. Will get tall, but can be kept at any height. Great for a hedge.

Singin' The Blues

2010. Extremely fragrant, deep lavender blooms. Good disease resistance. Fragrance of citrus and verbena.

Summer Fashion

Soft, pale yellow flowers blended with pink, look like porcelain. Nice compact habit.

Sun Flare

Lemon-yellow, flattened ruffled blooms; nice low grower. Good landscape plant.

Sunsprite

Strong bright yellow, heat tolerant. Outstanding landscape rose! Always in bloom; one of the best yellow roses ever.

Grandiflora

Gold Medal

Yellow flowers with a red blush on a very clean, disease-free plant. Great landscape shrub. Holds color well in heat. Moderate fragrance.

Lagerfeld

Mauve to pale lavender. Strong fragrance, great for cutting.

Queen Elizabeth

Soft pink blossoms in clusters on very long stems. Very tall, outstanding landscape rose, great for background. Disease resistant.

Rose varieties for the Valley

Hybrid musk

Ballerina

Sprawling grower with big trusses of blooms that are pink with white centers. Very disease resistant. Shade tolerant.

Bishop Darlington

Hybrid musk heirloom with an informal growth habit. Shade tolerant, disease resistant.

Paul's Himalayan Musk

1876. Pale pink flowers in clusters have strong fragrance that you can smell from far away. Monster climber to 30 feet or more.

Hybrid Perpetual

Baronne Prevost

1842 heirloom with great masses of fragrant pink flowers

La Reine

1842 early Hybrid Perpetual. Round buds open to cupped medium pink, very fragrant flowers.

Mme Pierre Oger

1878 sport of Reine Victoria, just pale pink instead of strong pink. Also very fragrant.

Hybrid Tea

Barbra Streisand

Big blooms, soft lavender with dark purple edges. Powerfully fragrant.

Barbra Streisand

Big blooms, soft lavender with dark purple edges.

Black Garnet

1980 introduction with black buds that open to dark red flowers.

Blue Girl

Lilac-pink, large blooms on long stems -- like Sterling Silver, but a healthier plant.

Blue Nile

Lavender-mauve like Sterling Silver, but better grower.

Brandy

Huge golden-bronze blooms are perfectly formed. One of the top ten roses; great in bouquets, good garden plant.

California Dreamin'

Each petal is white with a strong pink edge. Very elegant. Strong citrus fragrance. SOLD OUT!

Chicago Peace

Classic pink/yellow blend with ruffled petals. A variant of the Peace rose, holds color better in hot weather.

Chrysler Imperial

Velvet dark red. Loves heat. One of the most fragrant roses.

Dainty Bess

1925 Hybrid Tea, but very unusual as it only has a single row of petals. The flowers are silvery-pink.

Double Delight

White petals have bright red edges. Very popular for cutting. Strong sweet fragrance.

Electron

1960's. Huge, shocking pink, extra-fragrant flowers.

Firefighter

Long stemmed, rich red, super fragrant. Good disease resistance.

First Prize

Very large rose-pink flowers, classic exhibition form, great for cutting. Very fragrant.

Fragrant Cloud

Outstanding coral-red orange. Heat tolerant and super-fragrant.

Grande Dame

True rose pink. Very fragrant. Classic flower form.

Honor

Very large, clear white flowers on very long stems; tall columnar shrub. One of the best white roses. Great for cutting. Often very fragrant, but varies with weather.

Ingrid Bergman

Big, dark red blooms on long stems. A classic red cutting rose. Heat-tolerant; great for the Valley.

John F. Kennedy

Pure white, licorice fragrance. Large flowers, nice glossy dark green foliage. One of the most popular white roses.

Just Joey

This rose is becoming a classic. Apricot/buff blossoms make a great contrast in a bouquet. Mahogany foliage.

Marilyn Monroe

Proving to be a great rose here! Good performance in heat. Disease resistant. Blooms hold well, cut beautifully. Unique color. Going to be a classic.

Medallion

Light apricot, huge flowers, few thorns.

Miss All American Beauty

Shocking cerise pink flowers are very large. Sweet, strong fragrance. Very heat tolerant.

Mister Lincoln

Velvety deep red blossoms on long stems. Great for cutting, fragrance. Longtime favorite. Gets tall.

New Zealand

Soft pink blooms with incredible fragrance. Disease resistant.

Oklahoma

The original black (very dark red) rose. Rich scent. Loves heat! Great performer in our area.

Paradise

Pink blooms have darker edge on petals. Blooms early, copiously. Flowers really stand out.

Pascali

1963. Classic white rose on long stems, dark green foliage makes great contrast.

Rose varieties for the Valley

Peace

The most popular rose in the world. Yellow-pink blend, very large flowers, curved petals. Color changes with weather.

Peace

Perhaps the most popular rose in the world. Yellow-pink blend, very large flowers, curved petals. Color changes with weather.

Perfect Moment

Red with yellow center. You'll do a double-take! Looks like porcelain. Exquisite.

Perfume Delight

Stunning, huge, powerfully fragrant cerise pink rose.

Pink Peace

Strong pink flowers are very large, very fragrant. Loves heat; great for this area.

Pristine

Light pink blush. Looks porcelain. Long stems. Disease-free.

Proud Land

Very large warm pinkish red blooms; fragrant. One of Don's favorites.

Sonia

Soft pink, perfectly formed buds and blooms. A florists' rose that has become a garden favorite as well.

Sugar Moon

2012. Huge, pure white flowers on a tall plant. Powerfully fragrant.

Sunset Celebration

Apricot amber pink -- like a sunset! Unique color blend, long stems, disease-resistance.

Tiffany

1955. Soft phlox pink with a yellow base on each petal. Old favorite. Very fragrant.

Yves Piaget

Romantica Fragrance rose. Strong pink, very double flowers with ruffled petals. Romantica roses look old-fashioned, bloom prolifically in clusters all season.

Hybrid Tea climber

Belle Portugaise

1903 heirloom that arches and sprawls with huge, soft pink flowers that are sweetly, powerfully fragrant.

Miniature

Gourmet Popcorn

Profusion of white flowers on a 3' bush. Very clean foliage and nice habit.

Musk hybrid

Nastarana

1870s. Persian musk rose has flowers that smell sweet like honeysuckle, especially in the evening. Very disease resistant. Shade tolerant.

Noisette

Blush Noisette

1815 heirloom with spreading habit, pale pink to white flowers in great clusters. Honeysuckle-sweet fragrance drifts on the evening breeze. Shade tolerant.

Mme Alfred Carriere

1879 Noisette. An old-fashioned white climber with strong fragrance, repeat blooms, and disease-resistant foliage.

Noisette climber

Champney's Pink Cluster

1811 heirloom that arches and sprawls and scrambles. Delicate pale pink flowers open almost white. Sweet evening scent.

Reve d'Or

1869 Noisette climber has loose, old-fashioned flowers on a vigorous plant that gets over ten feet tall. Strong fragrance.

Polyantha

Margo Koster

Well-known old polyantha rose with salmon-pink flowers in great profusion.

rugosa shrub

Hansa

Semi-double soft pink rugosa; mint-like foliage. Disease-free! Shade tolerant.

Pavement Purple

1983 rugosa with extremely fragrant flowers. Dark purple-red flowers. Very thorny bush has attractive foliage. Disease resistant. Can tolerate shade.

Therese Bugnet

Rugosa rose with semi-double soft pink flowers; mint-like foliage. Disease-free. Tolerates shade.

Shrub

Bonica

Blooms constantly, nice foliage, sets pretty hips in fall. Nearly white in summer. One of the best! Planted in Davis on Pole Line overpass.

Carefree Beauty

Nonstop pink blossoms against apple-green foliage. Very disease resistant, tough, easy. Nice compact growth habit.

Carefree Delight

Bright pink with white eye. Delicate-looking soft pink blooms in great profusion all season! Very disease resistant. Nice compact growth habit.

Carefree Wonder

Semidouble bright pink petals have a lighter reverse. Always in bloom. Nice upright growth habit.

Gruss an Teplitz

1897 small climber with rich, red, nodding flowers that are strongly fragrant.

Rose varieties for the Valley

Knock Out

2000 shrub rose that has become very popular back east. Carefree, disease resistant. Bright red flowers. Very reliable.

Meidiland Pink

Bright pink single flowers with a white center that makes them really stand out. Dense plant gets about 5' tall and wide. Very disease resistant. One of the best of this series.

Morden Blush

Introduced for hardiness for use in parks in Canada, these bloom heavily over a very long period. Disease resistant. This one is pale pink.

Morden Sunrise

The Morden roses come from Canada, and are bred for hardiness and disease resistance. This one has glowing yellow-orange blossoms, shiny foliage, and is always in bloom.

Mutabilis

Amazing landscape plant! An Arboretum All-Star, for good reason. Big sprawling plant to 8' across or more, but can be pruned to control size. Blooms constantly; flowers darken from gold to dark pink. Disease free.

Puerto Rico

Found rose of unknown origin from Antique Rose Emporium. Vigorous shrub to about 6 feet tall and wide, with lots of white flowers. Disease resistant.

Simplicity Pink

Clear pink, vigorous; blooms prolifically. The original hedge rose! Trim to any height. Easy!

The Imposter

Lavender-pink single blooms with spots look just like Clematis flowers! Low-growing bush. Utterly unique.

species

Rosa banksia Alba Plena

Very vigorous, nearly thornless rose that can grow to 30' or more. Masses of white flowers for a short period in spring. Nearly evergreen. Tie up or let it scramble into a tree.

Rosa banksia Lutea

Very vigorous, nearly thornless rose that can grow to 30' or more. Masses of yellow flowers for a short period in spring. Sweet scent. Nearly evergreen. Tie up or let it scramble into a tree.

Rosa banksia normalis

Very vigorous, nearly thornless rose that can grow to 30' or more. Masses of single white flowers for a short period in spring. Powerful sweet scent. Nearly evergreen. Tie up or let it scramble into a tree.

Tea

Francis Dubreuil

1894 Tea rose. Small bush with very fragrant, very double red roses.

Maman Cochet

1893 Tea rose with perfect medium size cutting flowers. Very fragrant.
